

Advanced Livestock Judging Program

Summer 2021

This program is designed for kids ages 14-18 that have some previous livestock judging experience. This program is designed to allow youth more opportunities to practice livestock judging and prepare them to compete at the National Level in both 4-H and FFA competitions. Youth will have the opportunity to work with numerous collegiate students to help prepare these young people in both evaluation skills and oral reasons.

- This program will be limited to 15 youth each practice. When you register make sure to register for the days you would be able to participate. Youth do not have to participate every week, which is why we are offering this clinics in various parts of the state.
- We will meet three consecutive weeks starting on June 29th.
- Youth will be responsible for their transportation to the County Extension Office for the beginning of each day. We will provide transportation to the farms.
- Applications are due by June 1, 2021

Each practice we will be visiting numerous farms in the area. We will start out and end each day at the local extension office.
