## GROUND RULE

In our Standard Show Classification only the Premier Breeders Class specifies “owned by the exhibitor.” The other group classes need not be owned by exhibitor, and therefore cannot be used to break ties.

To correct the possibility of a tie for Premier Exhibitor Class, where a tie exists through 5 place-ments, and neither exhibitor has an entry in the Premier Breeder Class, additional placements (beyond the stated 5 limitation) in the individual classes will be used, but only to the point where the tie is broken.
