

Livestock Judging Clinic

Open to 4-H and FFA members

November 3, 2022

E. Carroll Joyner Beef Education Unit

Hosted by NCSU Livestock Evaluation Course ANS 309

Cost \$10 per student

Registration deadline: October 28

What to Expect:

You can attend between 1pm-5pm

4-6 Classes of Livestock (Sheep, Goats, Cattle)

We will give each student handouts on livestock evaluation.

It will be done at your own pace. Your group can come through and judge the class and once they are finished one of the students will give you the official placing and then give you a set of reasons on the class.

We would expect it to take you approximately an hour and half to look at all the classes and get the official placings from the students.
